Listen to Julia's story. She has 2 kids.. She saw a rocket fly above her head. Her kids school was bombed. She decided to drive west and knew she would be away from her home for a long time.

Irene contacted Julia the day after she filled in the form. UKUATogether.org helped Julia and her family find hosts, apply for visas, apply for schools, get kids' uniforms etc. Julia now works in a coffee shop and wants to do all she can to make her kids life as comfortable as it was before.
